

EVgo: DRIVER INFORMATION

EVgo has 850+ fast charging locations, 1,200+ L2 chargers, and tens of thousands more through our roaming partnerships. With various charging speeds and convenient locations, EVgo makes it easy to drive electric.

EVgo Plans

EVgo recently updated its charging plans. The cost per minute of EVgo charging varies by state, and in California, pricing is now by kWh instead of by minute.

[Learn more about EVgo plans on our website.](#)

All EVgo Plans Include:

- + Use of the EVgo App to locate chargers.
- + EVgo Rewards™ to earn points for free charging.
- + EVgo Reservations™ at select locations to avoid waiting.
- + Autocharge+ to start a charge immediately with eligible EVs.
- + Level 2 charging access for \$1.50/hour.

How to Charge Your EV

1. Choose Your Charger & Plug in

Open your EV's charge port and choose the appropriate connector. Plug in and listen for the *click*. EVgo chargers are compatible with all connectors, including CCS, CHAdeMO, and Tesla (at select locations).

2. Tap to Start Your Charge

Start a charge by tapping the EVgo app or using your credit card or RFID card. Once the charge starts, you're free to run errands, grab a bite, or take a short break from your day.

3. End Your Charge

To end your charge, return to the charger station screen. If your session ends before you get back, you will get a phone notification.
