

Secure Edge Connections

CONNECT TO THE ACUMERA NETWORK • FAST AND EASY SETUP

Acumera offers network connectivity that is PCI-compliant and EMV-ready, providing app-enabled connections to enhance and extend your network. We deliver expert technical support to ensure the Chevron payment process is not only reliable but also secure and accessible.

Our clients can concentrate on expanding their businesses while entrusting us with the management of their network. We specialize in purpose-built services tailored for C-Stores, offering features such as remote systems visibility, robust data security, and simplified compliance tools.

With a track record dating back to 2002, Acumera has earned the trust of over 50,000 sites as a reliable and dedicated network partner.

Benefits

24x7 SUPPORT CENTER

Proactively address network issues in real-time

PCI 4.0 CERTIFIED

Comprehensive PCI attestation of compliance from Level 1 provider

SECURE CONNECTIVITY

Link between distant devices or networks with accessibility and security

MNSP CERTIFIED

PCI compliant secure access between your POS and vendor support network
