

EVgo: COMPANY OVERVIEW

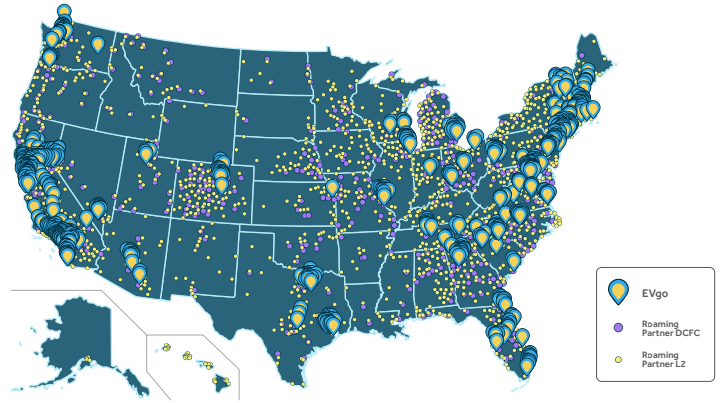

POWERED BY:
EVgo

OUR MISSION: To expedite mass adoption of electric vehicles (EVs) in the U.S. by creating a convenient, reliable, and affordable EV charging network.

Who We Are

EVgo (NASDAQ: EVGO) is the nation's largest public fast charging network for electric vehicles (EVs), and the first to be powered by 100% renewable energy. With more than 850 fast charging locations, EVgo's owned and operated charging network serves over 60 metropolitan areas across more than 30 states. EVgo serves more than 500,000 customer accounts who can access more than 2,400 DC fast chargers across the US through the EVgo App — including EVgo's 1,200 L2 chargers.

EVgo at a Glance:

Fast Charging

Power your EV in 15-45 minutes instead of hours

Sustainable

Powered by 100% renewable electricity

Reliable

Committed to 98% network uptime

Convenient

850+ fast chargers where customers live, work, and play

EV Compatible

Works with all battery electric vehicles (including Tesla)
